

2008 Tribal Training Summary Calendar

Complete training descriptions can be found starting on page 6. Each of the courses are organized by topic and course number. Quickly link to a course description by holding the cursor over the course title, while holding the “Ctrl” key click on the course title highlighted in blue.

Topic	Day	Title	Location
January			
Environmental Management (EM1)	Jan 7-10	7 Generations Training	Fairbanks, AK
Source Reduction (SR1)	Jan 17	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
General Solid Waste Management (GSM1)	Jan 17	Universal Waste, Appliance & Hazardous Waste Trainings	Imperial, Imperial County, CA
Source Reduction (SR2)	Jan 22-24	Source Reduction Strategies for Tribal Solid Waste Programs	Phoenix, AZ
Environmental Management (EM2)	Jan 24-26	National Tribal Conference on Environmental Management	Billings, MT
February			
Source Reduction (SR3)	Feb 9-12	US Composting Council's 16th Annual Conference & Trade Show	Oakland City Center Marriott, Oakland, CA
Source Reduction (SR1)	Feb 21	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
March			
Underground Storage Tanks (UST1)	Mar 4-5	Petroleum Underground Storage Tanks	Oakland, CA
Waste-to-Energy (WTE1)	Mar 10-13	SWANA's 31st Annual Landfill Gas Symposium	Houston, TX
Post-Closure Care (PCC1)	Mar 18	Evaluating, Optimizing, or Ending Post-Closure Care at Municipal Solid Waste Landfills	Online
Hazardous Waste Management (HWM1)	Mar 18-19	Hazardous Waste Management: The Complete Course (RCRA)	Las Vegas, NV

2008 Tribal Training Summary Calendar

Topic	Day	Title	Location
Underground Storage Tanks (UST2)	Mar 19-20	Contaminant Chemistry and Transport in Soil and Groundwater - An Overview of Petroleum, Chlorinated Hydrocarbon, and Metal Behavior in the Environment	Sacramento, CA
Refrigerant Recovery (RR1)	Mar 19-21	Refrigerant Recovery of White Goods	Billings, MT
Source Reduction (SR3)	Mar 20	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
Source Reduction (SR4)	Mar 25-27	Source Reduction Strategies for Tribal Solid Waste Programs	New Orleans, LA
April			
Hazardous Waste Management (HWM2)	Apr 1-2	Hazardous Waste Management: The Complete Course (RCRA)	Phoenix, AZ
General Solid Waste Management (GSWM1)	Apr 1-2	Spring Solid Waste Operators Course	Deadwood, SD
Waste-to-Energy (WTE2)	Apr 7-10	SWANA Spring Training Center	Las Vegas, NV
General Solid Waste Management (GSWM3)	Apr 8-10	Solid Waste Management Training	Fairbanks, AK
Source Reduction (SR1)	Apr 17	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
ISWMP1	Apr 15-17	Integrated Solid Waste Management Plan Training	Anchorage, AK
Source Reduction (SR5)	April 30	WasteCap Wisconsin Construction & Demolition Recycling Accreditation Courses	Chicago, IL
May			
Landfill Management (LM1)	May 5-7	Rural Alaska Landfill Operators Training (RALO)	Bethal, Alaska
Hazardous Waste Management (HWM3)	May 5-7	Brownfields 2008 Conference	Detroit, MI

2008 Tribal Training Summary Calendar

Topic	Day	Title	Location
General Solid Waste Management (GSWM4)	May 5-7	Waste Expo	Chicago, IL
Hazardous Waste Management (HWM4)	May 5-9	Hazardous Material Incident Response Operations	Richmond, CA
ISWMP2	May 7-10	Integrated Solid Waste Management Plan (ISWMP)	Bethal, AK
Source Reduction (SR1)	May 15	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
Waste-to-Energy (WTE3)	May 19-21	16th Annual North American Waste-to-Energy Conference	Philadelphia, PA
ISWMP3	May 20-22	BIA Integrated Resource Management Plans (IRMP) Trainings	Ashland, WI
ISWMP4	May 22-24	Developing a Tribal Integrated Solid Waste Management Plan	St. Paul, MN
June			
Landfill Management (LM2)	June 9-14	13th Annual Landfill Symposium and Planning and Management Conference	Palm Springs, CA
Source Reduction (SR1)	June 19	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
Environmental Management (EM2)	June 24-26	National Tribal Conference on Environmental Management	Billings, MT
Source Reduction (SR5)	June 25	WasteCap Wisconsin Construction & Demolition Recycling Accreditation Courses	St. Louis, MO
Underground Storage Tanks (UST3)	June 26-27	Contaminant Forensics of Petroleum, Chlorinated Hydrocarbons, and Metals Geochemical Applications for Assessing Contaminant Transport, Risk, and Apportioning Liability	San Francisco, CA
July			
Source Reduction (SR1)	July 17	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
Source Reduction (SR6)	July 20-25	Building Materials Reuse Association Accredited Deconstruction Training	Warren, VT

2008 Tribal Training Summary Calendar

Topic	Day	Title	Location
August			
Source Reduction (SR1)	Aug 21	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
September			
Source Reduction (SR1)	Sep 18	EPA Resource Conservation Challenge (RCC) Web Academy Recycling and Solid Waste Management Educational Series	Online
October			
Hazardous Waste Management (HMW5)	Oct 21-22	Hazardous Waste Management: The Complete Course (RCRA)	Seattle, WA
General Solid Waste Management (GSWM4)	Oct 23-24	Universal Waste Treatment, Transportation, and Disposal	Chicago, IL
ISWMP3	Oct 28-30	BIA Integrated Resource Management Plans (IRMP) Trainings	Greenbay, WI
November			
Landfill Management (LM3)	Nov 8	Principles of Landfill Fires E-Course	Online
Environmental Management (EM3)	Nov 13-14	Introduction to Environmental Regulation on Tribal Reservations in California	Sacramento, California
Landfill Management (LM3)	Nov 15	Principles of Landfill Fires E-Course	Online
Post-Closure Care (PCC1)	Nov 20	Evaluating, Optimizing, or Ending Post-Closure Care at Municipal Solid Waste Landfills	Online
December			
		None identified at this time.

2008 Tribal Training Program Descriptions

Environmental Management

EM1

Topic	Environmental Issues
Title	7 Generations Training
Date	January 7-10, 2008
Location	Fairbanks, AK
Sponsor	EPA
Registration	Register online at http://www.7generations.us/page4.html
Website	http://www.7generations.us/
Description	This training is a way to build community strength through identifying and solving environmental problems and is a powerful process that can lead to a healthier and more sustainable community.
Target Audience	Tribal communities.
Certification	None listed.
Point of Contact	Mike Brubaker 907-222-4217; Dorothy Captain (907)468-4479; Bruce Wright 907-222-4260, Email brucew@apiai.org ; or Cara Bethe at 907-222-4255, Email carab@aouau.org
Cost	No cost.
Grants/Scholarships	N/A
Brochure Website	http://www.7generations.us/

EM2

Topic	Environmental Management
Title	National Tribal Conference on Environmental Management
Date	June 24-26, 2008
Location	Billings, MT
Sponsor	Montana-Wyoming Tribal Leaders Council
Registration	Online registration: http://www.ntcem8.org/registration.htm Mail-in registration available at http://www.ntcem8.org/Registration%20form.pdf
Website	http://www.ntcem8.org/index.htm
Description	This conference intends to bring together tribal community members to discuss a range of environmental management issues including global climate change, asthma education, water quality standards, grant writing, any many others.
Target Audience	Tribal environmental management professionals and interested participants.
Certification	None listed.
Point of Contact	Wyoming Tribal Leadership Council Phone: (406) 252-2550 Fax: (406) 254-6355 Email: ntcem@mtwytlc.com
Cost	Partial conference registration: Up to 1.5 days attendance - \$85 Full conference registration before April 30, 2008 - \$150 Full conference registration after April 30, 2008 - \$175
Grants/Scholarships	Scholarship guidelines and information available at: http://www.ntcem8.org/scholarships.htm

2008 Tribal Training Program Descriptions

EM3

Topic	Law and Regulations Governing Environmental Management
Title	Introduction to Environmental Regulation on Tribal Reservations in California
Date	November 13 - 14, 2007 - 8:30 A.M. to 5 P.M. (2 Days)
Location	Sacramento, California
Sponsor	Northwest Environmental Training Center
Registration	Online or via phone: 206-762-1976
Website	http://www.nwetc.org/capol-501_11-07_sacramento.htm
Description	<p>This course provides participants with an overview of key environmental laws and regulations applicable to Indian Reservations in California. The topics covered are intended for tribal members and environmental staff seeking to develop their regulatory programs; state and local regulators who wish to better understand the interaction between tribal and state environmental jurisdictions on fee lands within reservations; and environmental professionals seeking an improved understanding of the regulatory landscape on reservations. Topics include:</p> <ul style="list-style-type: none"> • Basic Indian Law - Focus on Reservation Jurisdictional Issues • Inherent Tribal Authority for Environmental Regulation • Delegation of Authority for Federal Environmental Laws • Tribal Water Quality Regulation and Off-Reservation Effects • Hazardous Waste and Toxic Management on Reservations • Tribal Air Quality Regulation • Federal Air Rules for Reservations in California • Endangered Species- Impacts On and Off Reservation • NEPA • Land Use Planning and Jurisdiction on Reservations • Tribal Government's Role in Global Climate Change • Application of Course topics to a Hypothetical Scenario
Target Audience	This training is intended for state and local regulators who wish to better understand the interaction between tribal and state environmental jurisdictions on fee lands within reservations; and environmental professionals seeking an improved understanding of the regulatory landscape on reservations.
Certification	Participants can earn 1.3 Continuing Education Units (CEUs)
Point of Contact	Contact the Northwest Environmental Training Center at 206-762-1976
Cost	\$495 (*\$395 reduced tuition is available for Native American tribes; government employees; nonprofits; students; and NAEP, NEBC, NWAEP members).
Grants/Scholarships	None listed.

GSWM3

Topic	General Solid Waste
Title	Solid Waste Management Training
Date	April 8-10, 2008
Location	Fairbanks, AK
Sponsor	Tanana Chiefs Conference (TCC)
Registration	Contact Melva Traverso at 907-452-8251 x3437
Website	http://www.tananachiefs.org/
Description	The class is taught by OEH Staff, the Alaska Department of Environmental Conservation (ADEC), and guest lecturers. The topics covered during class include: impacts of an open dump, permitting Class III landfills, site plans, management plans, waste treatment management, operations and maintenance, community education, closing site plans and funding solid waste solutions.
Target Audience	Tribal communities.
Certification	None.
Point of Contact	Contact Melva Traverso, Office of Environmental Health (OEH) Training Coordinator for the Tanana Chiefs Conference (TCC) Phone: 907-452-8251 x3437
Cost	Varies. Please contact Melva Traverso for further details.
Grants/Scholarships	None.
Brochure Website	None available.

GSWM4

Topic	General Solid Waste Management
Title	Waste Expo
Date	May 5-7, 2008
Location	Chicago, IL
Sponsor	The Environmental Industry Associations (EIA/NSWMA/WASTEC) and Waste Age Magazine
Registration	Register online at: http://www.wasteexpo.com
Website	http://www.wasteexpo.com
Description	WasteExpo is North America's largest solid waste and recycling tradeshow serving both the private and public sectors. Trainings are available during the conference including a full day workshop on Landfill Management
Target Audience	Public and private sector waste management professionals.
Certification	None listed.
Point of Contact	Contact WasteExpo at (203) 358-9900 or toll free at (800) 559-0620
Cost	Varies, visit http://www.wasteexpo.com for more information.
Grants/Scholarships	None listed.

2008 Tribal Training Program Descriptions

GSWM7

Topic	Solid and Hazardous Waste Topics
Title	Interstate Technology and Regulatory Cooperation Workgroup (ITRC) Solid and Hazardous Waste Courses
Date	Various
Location	Live On-line Class, Internet Based
Sponsor	Offered by Interstate Technology and Regulatory Cooperation Workgroup (ITRC)
Registration	Course registration opens at www.itrcweb.org four to six weeks prior to the course offering.
Website	www.itrcweb.org
Description	In conjunction with U.S. EPA's Technology Innovation Program, ITRC delivers training courses via the Internet to reach a geographically dispersed audience of regulators, consultants, and other members of the environmental community. The training sessions last approximately two hours, cover technical and regulatory information specific to environmental technologies and innovative approaches, and are supported by consensus-based ITRC guidance documents.
Target Audience	Landfill operators and managers
Certification	None listed.
Point of Contact	ITRC Training Program by telephone at 402-201-2419
Cost	No cost.
Grants/Scholarships	N/A
Brochure Website	http://www.itrcweb.org/Documents/IBT/2008IBT-013008.pdf

GSWM8

Topic	Solid Waste Management
Title	Indian Health Services Solid Waste Management Courses
Date	TBD
Location	TBD
Sponsor	Indian Health Services (IHS) Environmental Health Support Center (EHSC)
Registration	Online. Check course scheduling and availability at http://www.ehsc.ihs.gov/index.cfm?module=home
Website	http://www.ehsc.ihs.gov/index.cfm?module=home
Description	The Indian Health Service Environmental Health Support Center offers a solid waste management course online during various times during the year. This course discusses considerations in designing a solid waste management system from collection to disposal for Native American communities. Check the IHS EHSC training website to find out when the class will be held next.
Target Audience	Tribal communities.
Certification	TBD
Point of Contact	Visit the IHS EHSC training website for regional contacts: http://www.ehsc.ihs.gov/index.cfm?module=home
Cost	TBD

2008 Tribal Training Program Descriptions

Illegal Dumping

ID1

Topic	Illegal Dumping
Title	Illegal Dumping Workshop
Date	TBD
Location	TBD
Sponsor	The Tribal Solid Waste Program will provide a workshop for the tribes to strategize collectively to identify ways to curb illegal dumping activities from continuing on their lands. This workshop will take place in the third quarter of the fiscal year and planning will begin in the first and second quarters to develop and conduct a successful workshop to benefit the tribes. The Tribal Solid Waste Program Coordinator will establish partnerships with Tribes, State, Local, University/College, EPA, and other Federal Agencies in developing the workshop.
Registration	TBD
Website	http://www.itcaonline.com/program_waste.html
Description	Topics to be included range from prevention, enforcement, compliance, solutions and strategies that tribes can utilize to reduce illegal dumping on their lands.
Target Audience	Tribal communities in Arizona.
Certification	None listed.
Point of Contact	For more information, contact Cynthia Naha, Environmental Program Coordinator or Elaine Wilson, Environmental Quality Programs Director at 602-258-4822.
Cost	TBD
Grants/Scholarships	TBD
Brochure Website	http://www.itcaonline.com/program_waste.html

Integrated Solid Waste Management Planning

ISWMP1

Topic	Integrated Solid Waste Management Plan (ISWMP)
Title	Integrated Solid Waste Management Plan Training
Date	April 15-17, 2008
Location	Anchorage, AK
Sponsor	Zender Environmental, Alaska Forum, USDA Rural Development, and US EPA's Alaska Operations Office
Registration	Please contact Jennifer Williams at (907) 349-2163 or jwilliams@akforum.org with questions or to receive further information. Registration is distributed regionally through the health corporations and throughout the state by the IGAP liaisons.
Website	None available.
Description	The ISWMP training is designed specifically for communities in rural Alaska. This training will provide options for addressing environmental and human health issues caused by currently unmanaged open dumps, by assisting leaders, solid waste managers, technicians, and other decision makers with the following planning needs: <ul style="list-style-type: none"> Identifying resources and tools for defining community-based

2008 Tribal Training Program Descriptions

	<p>goals and objectives for solid waste management and setting priorities to address problems,</p> <ul style="list-style-type: none"> • Documenting the current status of solid waste programs and current impacts to environmental and human health (including subsistence resources and water quality), • Identifying possible cost effective and safe solid waste management alternatives and uncertainties associated with each alternative, • Identifying possible funding sources to assist with implementation of an ISWMP, • Developing enforcement codes and/or resolutions with alternative enforcement actions for solid waste regulation, and • Developing a timeline to revisit and modify priorities as an ISWMP is developed and implemented. <p>These training and educational resources will provide communities in Alaska with the necessary information to create a site specific integrated solid waste management plan and increase administrative, technical capacity, and networking opportunities to address environmental and human health concerns that stem from unmanaged and unregulated solid waste issues.</p> <p>Post training one-on-one assistance for developing ISWMPs will be available to Tribal participants after they complete the ISWMP training to: further develop and refine an ISWMP specific to their village's needs, identify and resolve specific issues that arise as participants further develop their plans at home, and reinforce the concept of the ISWMP as a living document to be used in implementing health risk reduction practices.</p>
Target Audience	Tribal Chairs, Tribal Environmental Professionals
Certification	Certificate of course completion.
Point of Contact	Please contact Jennifer Williams at (907) 349-2163 or jwilliams@akforum.org with questions or to receive further information.
Cost	Reimbursement for travel and per diem (\$66/day and prorated for travel days) are available from AVCP and the Alaska Forum, Inc. for the ISWMP trainings. These funds are limited and are only provided on a reimbursement basis for pre-approved participants.
Grants/Scholarships	None listed.

ISWMP2

Topic	Integrated Solid Waste Management Planning
Title	Integrated Solid Waste Management Plan (ISWMP)
Date	May 7-10, 2008
Location	Bethal, AK
Sponsor	ISWMP trainings are conducted with the support of the Association of Village Council Presidents, Yukon-Kuskokwim Health Corporation, Solid Waste Association of North America Alaska Chapter, Alaska Department of Environmental Conservation, Zender Environmental Health and Research Group, Alaska Forum, U.S. Environmental Protection Agency Region 10, and USDA Rural

2008 Tribal Training Program Descriptions

	Development.
Registration	Please contact Jennifer Williams at (907) 349-2163 or jwilliams@akforum.org with questions or to receive further information. Registration is distributed regionally through the health corporations and throughout the state by the IGAP liaisons.
Website	None available.
Description	<p>The ISWMP training is designed specifically for Tribes in the Yukon-Kuskokwim region. ISWMP training will provide options for addressing environmental and human health issues caused by currently unmanaged open dumps, by assisting Tribes with the following planning needs:</p> <ul style="list-style-type: none"> • Identifying resources and tools for defining community-based goals and objectives for solid waste management and setting priorities to address problems, • Documenting the current status of solid waste programs and current impacts to environmental and human health (including subsistence resources and water quality), • Identifying possible cost effective and safe solid waste management alternatives and uncertainties associated with each alternative, • Identifying possible funding sources to assist with implementation of an ISWMP, • Developing enforcement codes and/or resolutions with alternative enforcement actions for solid waste regulation, and • Developing a timeline to revisit and modify priorities as an ISWMP is developed and implemented. <p>These training and educational resources will provide communities in Alaska with the necessary information to create a site specific integrated solid waste management plan and increase administrative, technical capacity, and networking opportunities to address environmental and human health concerns that stem from unmanaged and unregulated solid waste issues.</p> <p>Post training one-on-one assistance for developing ISWMPs will be available to Tribal participants after they complete the ISWMP training to: further develop and refine an ISWMP specific to their village's needs, identify and resolve specific issues that arise as participants further develop their plans at home, and reinforce the concept of the ISWMP as a living document to be used in implementing health risk reduction practices.</p>
Target Audience	The ISWMP training is specifically designed for native village leaders, solid waste managers, technicians, and other decision makers in the Yukon-Kuskokwim region who are working with on-going solid waste management programs.
Certification	Certificate of course completion.
Point of Contact	Please contact Jennifer Williams at (907) 349-2163 or jwilliams@akforum.org with questions or to receive further information.
Cost	Reimbursement for travel and per diem (\$66/day and prorated for travel days) are available from AVCP and the Alaska Forum, Inc. for the ISWMP trainings. These funds are limited and are only provided

Landfill Management

LM1

Topic	Landfill Management
Title	Rural Alaska Landfill Operators Training (RALO)
Date	May 5-7, 2008
Location	Bethal, Alaska
Sponsor	RALO trainings are conducted with the support of the Association of Village Council Presidents, Yukon-Kuskokwim Health Corporation, Solid Waste Association of North America Alaska Chapter, Alaska Department of Environmental Conservation, Zender Environmental Health and Research Group, Alaska Forum, U.S. Environmental Protection Agency Region 10, and USDA Rural Development.
Registration	Please contact Jennifer Williams at (907) 349-2163 or jwilliams@akforum.org with questions or to receive further information. Registration is distributed regionally through the health corporations and throughout the state by the IGAP liaisons.
Website	None available.
Description	Rural Alaska Landfill Operator (RALO) training is scheduled for May 5-7, 2008 in Bethel, Alaska. The RALO training is for designated landfill operators in villages with a Class III landfill or open dump, and focuses on the duties of the landfill operator, their personal safety, and the safety of the village. Emphasis will be placed on the importance of the landfill operator's role to keep the village clean and the landfill free from harmful substances. Participants will learn about landfill regulations and requirements, household hazardous waste, waste separation and screening, waste reduction and segregation, recycling, personal protection equipment, and much more.
Target Audience	Tribal landfill operators.
Certification	Certificate of course completion.
Point of Contact	Please contact Jennifer Williams at (907) 349-2163 or jwilliams@akforum.org with questions or to receive further information.
Cost	Reimbursement for travel and per diem (\$66/day and prorated for travel days) are available from AVCP and the Alaska Forum, Inc. for the RALO training. These funds are limited and are only provided on a reimbursement basis for pre-approved participants.
Grants/Scholarships	20 \$500 scholarships for each participant/travel and per diem for two instructors per training.
Brochure Website	None available.

Post-Closure Care

PCC1

Topic	Post-Closure Care at Municipal Solid Waste Landfills
Title	Evaluating, Optimizing, or Ending Post-Closure Care at Municipal Solid Waste Landfills
Date	March 18, 2008 2:00 p.m. - 4:15 p.m. November 20 (Thursday) 11:00 a.m. - 1:15 p.m.
Location	Live On-line Class, Internet Based
Sponsor	Offered by Interstate Technology and Regulatory Cooperation Workgroup (ITRC)
Registration	Course registration opens at www.itrcweb.org four to six weeks prior to the course offering.
Website	www.itrcweb.org
Description	This training, based on ITRC's Technical and Regulatory Guidance: Evaluating, Optimizing, or Ending Post-Closure Care at Municipal Solid Waste Landfills Based on Site-Specific Data Evaluations (ALT-4, 2006), describes a method to evaluate the performance of Post Closure Care at a landfill and determine when leachate recovery, landfill gas management, groundwater monitoring, and cap maintenance can be reduced or even ended based on threats (to human health and the environment) posed by the closed landfill.
Target Audience	Landfill operators and managers
Certification	None listed.
Point of Contact	ITRC Training Program by telephone at 402-201-2419
Cost	No cost.
Grants/Scholarships	N/A

Title	Building Materials Reuse Association Accredited Deconstruction Training
Date	July 20-25, 2008
Location	Yestermorrow Design and Build School, Warren, VT
Sponsor	Yestermorrow
Registration	Register online at: http://www.yestermorrow.org/register.htm
Website	http://www.yestermorrow.org/courses/wbc/decon.htm
Description	This Master Deconstructor Program is designed to enable the mobilization of community resources to conserve built environments. The program will develop skills for community-based reclamation and reuse/recycling of building material resources. The curriculum will provide an overview of deconstruction processes and the role of deconstruction in a community. The course combines classroom instruction, group discussion, individual and group scenario exercises, and experiential learning at deconstruction sites.
Target Audience	This course is designed for individuals interested in learning how to salvage building materials safely and effectively, as well as for those who want to set up a whole-house deconstruction project for fun or profit. All Levels.
Certification	Certificate in Sustainable Building and Design 35 AIA Learning Units
Point of Contact	Contact Yestermorrow at: (802) 496-5545 phone (888) 496-5541 toll free designbuild@yestermorrow.org
Cost	\$750

Underground Storage Tanks

UST1

Topic	Underground Storage Tanks
Title	Petroleum Underground Storage Tanks - Remediation and Recovery Cleanup Costs
Date	March 4-5, 2008
Location	Oakland, CA
Sponsor	Northwest Environmental Training Center
Registration	Register online at: http://www.nwetc.org/capol-405_03-08_oakland.htm
Website	http://www.nwetc.org/capol-405_03-08_oakland.htm
Description	This course will discuss legal and technical aspects of the remediation of underground storage tanks- including unique risk assessment issues presented by petroleum, responding to regulatory agencies, deed restrictions, and public participation. The course will also discuss cost recovery for cleanup costs, including litigation under state and federal law, and a presentation on recovery of costs from the UST Cleanup Fund.
Target Audience	Tribal communities, Remediation and Recovery Cleanup Professionals
Certification	1.3 Continuing Education Unit (CEU) can be obtained by completing this course
Point of Contact	Northwest Environmental Training Center Phone: (206)762-1976
Cost	\$495 (*\$395 reduced tuition is available for Native American tribes; government employees; nonprofits; students; and NAEP, NEBC, NWAEP members).
Grants/Scholarships	None listed.
Brochure Website	http://www.nwetc.org/FILES/capol-405_03-08_oakland.pdf

Topic	Underground Storage Tanks
Title	Contaminant Chemistry and Transport in Soil and Groundwater - An Overview of Petroleum, Chlorinated Hydrocarbon, and Metal Behavior in the Environment
Date	March 19-20, 2008
Location	Sacramento, CA
Sponsor	Northwest Environmental Training Center
Registration	Register online at: http://www.nwetc.org/chem-403b_03-08_sacramento.htm
Website	http://www.nwetc.org/chem-403b_03-08_sacramento.htm
Description	This course provides participants with an overview of key concepts essential to understanding environmental contamination and provides a fundamental understanding of the release and transport of chemicals in soil and groundwater. This material is intended for environmental professionals who are not chemists, but who require a fundamental understanding of contaminant behavior and monitoring parameters for their work. This course is recommended for all environmental professionals working with contaminated soil and water with minimal formal training in this subject. The course

2008 Tribal Training Program Descriptions

	material will greatly enhance on-the-job training. It is also recommended for project managers seeking a review of the subject. Prerequisite coursework is required. Visit the website for details.
Target Audience	Tribal communities, Remediation and Recovery Cleanup Professionals
Certification	1.3 Continuing Education Unit (CEU) can be obtained by completing this course
Point of Contact	Northwest Environmental Training Center Phone: (206)762-1976
